

Max. capacity	4500-9000 m ³ /h
Filter type	cartridge filter with SurfacePlus®
Filter cleaning	RoboCleanPlus® automatic filter cleaning device
Filter surface (cellulose)	2 x 75 m ²
Filter surface (polyester)	2 x 55 m ²
Filter efficiency	up to 99,8%
Max. compressed air consumption	150 NL/min.
Compressed air connection	4-5 bar
Diameter inlet opening	400 mm
Diameter outlet opening	400 mm
Position air inlet	(1) 8 options
Position air outlet	(1) 2 options
Contents filter residue container	100 litres
Weight	250 kg
Dimensions (L x W x H)	1200 x 1200 x 2900 mm
Headway for service	750 mm above unit
Transport height	2200 mm
